Subject: wholesaler supply information

Ms. Frevert,

This e-mail is to inform you that the Stockton East Water District (District), a public water system and an urban water wholesaler supplying treated drinking water to the City of Stockton, California Water Service Company – Stockton, and County of San Joaquin – Lincoln Village and Colonial Heights, has posted the required water supply information in accordance with the May 2016 Emergency Regulation for water years 2017, 2018, and 2019 based on water years 2013, 2014, and 2015 on its internet web page at: <https://sewd.net/water-supply-conditions/>.

The District developed its water supply conditions based on the District's water treatment plant capacity of 65 million gallons per day (MGD) and the delivered water from the District's water supplies from the following sources:

New Melones Reservoir:

2013 – 100% allocation, 75,000 acre feet

2014 – 55% allocation, 41,240 acre feet

2015 – 0% allocation

New Hogan Reservoir:

2013 – 80,000 acre feet

2014 – 80,000 acre feet

2015 – 43,000 acre feet

Groundwater pumping capacity:

11,290 acre feet

The contact information for the City of Stockton, California Water Service Company – Stockton, and County of San Joaquin – Lincoln Village and Colonial Heights are as follows. They are also copied on this e-mail.

City of Stockton

Tony Tovar – antonio.tovar@stocktonca.gov
